### QUESTIONS AND ANSWERS

Q. If I have obtained a Veterans Administration guaranteed loan to purchase a farm, am I still eligible to receive the self-employed veteran's readjustment allowance?

A. Yes. You may obtain the monthly allowance, depending on the length of your military service, up to a maximum of 10 2/5 months. The payments guarantee to the farmer a minimum net income of \$100 a month during the period of his entitlement.

Q. I have had no farm experience, but I believe I could learn quickly to operate a farm successfully. Is there any way I can get training under the GI Bill so that I could later qualify as a good risk with a lender?

A. Under both Public Laws 16 (vocational rehabilitation) and 346 (GI Bill) eligible veterans are entitled to both on-the-farm training and institutional education which give them a practical and scientific knowledge of agriculture.

Q. If I obtain a real estate loan to purchase a farm and it is guaranteed by VA, may I also obtain a VA guarantee on a loan to purchase machinery, livestock, seed and other farm equipment?

A. Yes, you may obtain a combination of real estate and non-real estate loans. However, the percentage of the guarantee maximum used by a veteran in obtaining one type of loan reduces by that percentage his entitlement to guarantee of another type loan. For example if a veteran obtained a farm real estate loan guarantee of \$2,000, his non-real estate guarantee maximum would be \$1,000.

Q. I am planning on going into business for myself with the aid of a GI loan, but I don't intend to make this move for another three or four years. Will it be too late for me to apply for a government loan then?

A. No. The time limit for loan applications is now ten years after your separation from the service or ten years after the end of the war, whichever ever is the later date.

## THE MILLION FOR THE MASTER CAMPAIGN

In the first week of the month-long effort of the Mississippi and North Mississippi Conferences of the Methodist Church to raise a Million for the Master during September, the Bay St. Louis Methodist Church has collected, in cash gifts and pledges, 40% of its quota of \$2,625.00.

The proceeds of the campaign are to be used for Methodist institutions and causes in the State of Mississippi and one of these worthy causes, for which an apportionment of \$200,000.00 has been made, is for the further relief of the returned Methodist preachers and the faithful wives who have encouraged, supported and upheld them in their work for the Master. When we consider the many great and generous benefits accorded by a grateful nation to the men of the military establishments, surely the Church owes a debt of gratitude to those gallant Soldiers of the Cross who, after years of faithful service in the Master's vineyard, have come to the time of superannuation with very little saved out of their meager salaries and whose prayer is like the Psalmist's: "Now also when I am old and greyheaded, O God, forsake me not."

The Seashore Campgrounds at Biloxi and the North Mississippi Conference near Oxford are to be repaired and developed under long range plans for use by youth's and laymen's assemblies, pastors' schools and Christian services for the advancement of Methodism in Mississippi.

Rev. Philip E. Pierce, pastor of Bay St. Louis Methodist Church, and his committee are looking forward to the completion of his Church's quota.

## Law Enforcement Meeting At Leetown

The Hancock County Law Enforcement Association is sponsoring a mass meeting at the Leetown school house next Tuesday evening at 7:30. Rev. Philip E. Pierce, Pastor of the Bay St. Louis Methodist Church, is to be the speaker, and Woodrow P. Spiers, a member of the Steering Committee, will preside. A number of Bay St. Louis people are expected to attend the meeting.

under their jurisdiction for the proper operation of the program and the proper accounting of all funds expended. Accounts and expenditures must be kept in proper order subject to examination at any time.

Mr. Tubbs states that the State Department of Education is authorized to enter into agreement with all parochial schools and non-profit private schools for the operation of the School Lunch Program and that necessary forms will be supplied the heads of these institutions.

## Edward R. Stettinius, Jr., Accepts Campaign Chairmanship of United Service To China, Inc.

Edward R. Stettinius, Jr., has accepted the campaign chairmanship of United Service to China, Inc., formerly United China Relief, according to an announcement over the week end by former Governor Chas. Edison, chairman, USC Board of Directors.

Mr. Stettinius, long associated with international affairs, accepted the invitation of the USC Board as a result of special urging from General George C. Marshall, who is Honorary Chairman of United Service to China.

Mr. Stettinius made the following statement upon acceptance of the post: "I am happy to be associated with United Service to China and to serve in the capacity of campaign chairman, because of my firm belief that the work of this organization is a public service of great importance to future China-American relations. I am confident that Americans will continue to support the work of United Service to China. Being a non-political, non-sectarian organization, founded by Americans, its long-range mission of helping the Chinese people to help themselves can be carried on without prejudice. Its funds are used to help in the training of more doctors, more teachers; to provide training in child care and welfare; to furnish technical assistance in the development of small industry; and most essential, to help make education available to all Chinese."

"At this critical hour when China is torn by internal strife, we cannot turn our backs on the humanitarian institutions we have established there and the ideals we have fostered. Today, more than ever, the Chinese people look to us for understanding assistance; we in turn must recognize and meet the challenge."

Former Governor Edison hailed Mr. Stettinius' acceptance as "strong"

indication that the American people have a deep concern with the welfare of the Chinese people, and that the USC program to help the Chinese people help themselves will increasingly have their wholehearted endorsement and support."

- 1 The amount of money Paid Out to provide telephone service is increasing faster than the amount Taken In.
- 2 Telephone earnings are the lowest in our history.
- 3 Reasonable telephone earnings are essential to good telephone service.

Your Telephone Company is doing the largest  
volume of business in its history, yet tele-  
phone earnings continue to decline.

The reason is perfectly clear. Your tele-  
phone rate has remained the same for many  
years while the costs of furnishing you tele-  
phone service have increased. Wages, tele-  
phone materials, building costs, services, all  
have been going up so fast that—

the amount of money Paid Out to provide  
service is increasing faster than the  
amount Taken In. Actually telephone earn-  
ings today are the lowest in our history!

As every business man knows, good service  
depends on reasonable earnings. That is basic.  
To render good telephone service and to  
continually improve and expand it, reasonable  
telephone earnings are essential.

Our public duty demands that we report  
these facts to you.

### A. & G. THEATRE SUNDAY - MONDAY "IN BADMAN'S TERRITORY"

Jesse James, the Daltons, Sam Bass  
and Belle Starr are a few of the  
lawless and picturesque figures of  
the old Missouri, Kansas and Okla-  
homa region, who are made to loom  
out of the past currently in "Bad-  
man's Territory," which RKO Ra-  
dio proclaims its biggest historical  
spectacle since "Cimarron."  
Randolph Scott with Ann Rich-  
ards, lovely Australian screen star,  
carry the love interest in "Badman's  
Territory," George "Gabby" Hayes  
lends his special brand of comedy.  
But they play fictional characters.  
Other principals represent noted law-  
breakers who carried on bank raids  
with ready six-gun and rifle, or  
caroused in certain friendly towns  
which were beyond any law—federal,  
state or county in the period  
portrayed in "Badman's Territory."

The best-publicized of the old  
timers, Jesse James, is played by  
that hard-boiled new actor Law-  
rence Tierney who recently clicked in  
the title role in "Dillinger." He is  
offered as steeliest looking and most  
convincing Jesse James the movies  
have ever pictured.

Frank James is played by the long  
established Western star, Tom Ty-  
ler. Bob Dalton is portrayed by  
another young actor, Steve Brodie,  
who looks impressively tough.

The kick of the picture is the  
casting for the notorious Belle  
Starr, she of the ready six-gun and  
the many romances. Petite, attrac-  
tive Isabel Jewel plays Belle Starr.  
The cast of the picture is huge,  
including some real Indians head-  
ed by Chief Thundercloud, who por-  
trays his fellow-Cherokee of the  
past, Chief Talequah.

The main story of "Badman's  
Territory" has to do with the strug-  
gle of two factions, one of which  
wants to bring the lawless region  
under federal jurisdiction, the other  
to keep it in its "ruggedly individ-  
ual" state. On these issues, Scott,  
a Texas sheriff who has fled to the  
lawless territory with a price on  
his head, is opposed to his sweet-  
heart, the crusading editor, played  
by Miss Richards.

And why should you help make it a "Million for the Master" — because this program will support the aims and causes of Christianity in our state; because your contribution will help carry God's work forward; because the institutions to benefit are serving young people of all denominations and creeds; because we all must invest MORE in the Master's work if we hope to keep alive the principles of freedom and justice and peace that we so recently bought again at such a high price. When you help make it a "Million for the Master" in September you can know that "even as ye have done it unto one of the least of these . . . ye have done it unto me!"

Dr. and Mrs. J. A. Evans and Mr. and Mrs. Ross Pitcairn have as their house guests Mrs. T. C. Parham and two small sons, Miss Valda Stone, Kingsport, Tenn., and Captain Jimmy Page, Army, of New York.

Miss Stone has recently returned from a six-month USO Camp-shows tour that encompassed the Philippine Islands, Japan and Korea.

Miss Stone daughter of Mr. and Mrs. Herbert Stone of Kingsport, Tenn., left Kingsport to study voice in New York and became one of the famous Canover models. She became a member of a concert group that gave more than 100 performances to service men addition to that Pacific area, in addition to hospital shows and church services.

In a press interview in New York, Miss Stone is quoted as saying that the two most outstanding shows given by her group was their first to more than 1500 at Roosevelt Park in Manila and a later one to wheel chair patients in a hospital in Samar.

Miss Stone is enjoying her stay here with her aunt and uncle and expects to resume her vocal studies.
